Patrons, as opposed to tenants, of the customer where the use of the service by the patron is incidental to his patronage of the customer, provided no charge is made by the customer for such use.

Patrons of the customer, and to the public in general, in connection with Automatic Dialing Telephone Units arranged for the origination of calls only to preselected telephone numbers.

Another party on a different premises, to provide for the answering of calls during the customer's absence. Such a termination is furnished only with the understanding that outward calls are not to be placed from it, and on the condition that use of separate exchange service is available to the other party on the same premises.

The Company will refuse to install customer service, or to permit such service to remain on premises where the equipment is located so that the public in general, except as stated in this Part B.2., may make use of the service.
